

Confine Small Workplace Emergencies PUAWER008B

Course Description

This course will cover theoretical and practical activities designed to provide participants with the knowledge and skills to be able to recognise and control small emergencies on-site. This session focuses on responding to small workplace chemical spills.

This course has been developed to cover the broad range of emergencies and workplaces as considered in Australian Standards 3745-2010.

Course Content

- Types of emergencies
- Planning & Preparation for an emergency – AS3745 -2010
- “Sizing up” an emergency – assessing hazards and risks
- Responding to a hazardous materials incident
- Safely confine emergency where possible
- Use of initial response equipment
- Understanding and selection of PPE
- Evacuation procedures - if required
- Disposal of waste, report and replace used items

Assessment:

Assessment of knowledge will be conducted by use of a workbook and verbal questioning. Participants will also be required to demonstrate competence through a range of practical activities.

Delivery Method:

Face to Face training will be conducted over a period of 2.5 hours including both theory and practical components.

Training can be conducted both on or offsite provided access to a range of emergency equipment appropriate to the sites emergency plan and a suitable training room is available for use.

Group Size:

To ensure quality training and a safe learning environment, the maximum allowable group size is 12 participants.

Participant Responsibilities:

Participants are required to be on time for all courses and bring a form of identification such as drivers licence or Medicare card for verification of details listed on the course enrolment form.

What information will Spill Station require?

Due to the assessment requirements of the unit of competency, Spill Station will need to be provided with the following information prior to training commencement;

- Use of training area for spill practical drills (a size of three carparks is often sufficient)

What will your organisation receive?

- Statement of Attainment and wallet card issued to individual participants who successfully complete the requirements of the unit of competency and have a valid Unique Student Identifier (USI).
- A Nationally Recognised Training Summary for your Health and Safety Office compliance file

Prerequisites: There are no prerequisites for this unit.
